ABOUT ME

To solve problems in a creative and effective manner in a challenging position, while also demonstrating a strong passion for continuously learning and adapting to new technologies.

EXPERIENCE

Junior Software Engineer | MISFIT

Jun 2022 – Current

Dhaka, Bangladesh

- Implemented a new feature that improved the application's performance.
- Led a team of developers in successfully delivering a critical project ahead of schedule.
- Resolved a complex technical issue that had been blocking development for weeks, allowing the team to proceed with the project and saving significant development time.

Intern | MISFIT

April 2022 – May 2022

Dhaka, Bangladesh

- Hired before the completion of the internship period due to outstanding performance and demonstrated skills, proving to be a valuable asset to the company.
